

NO MAN'S ORCHARD MANAGEMENT COMMITTEE

Adopt a tree scheme in a traditional Kentish Orchard

You can sponsor an apple tree grown from traditional stock in No Man's Orchard and your sponsorship* lasts for the lifetime of the tree.

The cost to sponsor a tree is £100.

Your tree is maintained within a strict management plan and actioned by members of the committee. You are entitled to pick the apples from your sponsored tree. The apples are all organic.

Old orchards such as No Man's Orchard cannot compete commercially with modern orchards, and the primary aim is to maintain and enhance the landscape value and habitat of the orchard and to encourage people to use the orchard in a sustainable manner.

Your support and your sponsorship help maintain the orchard and a tree gives much pleasure in the coming years.

To sponsor a tree, please contact the Clerk by email: clerk@harbledown-pc.gov.uk or by telephone on 07790 903442

Wendy Gregory

on behalf of **No Man's Orchard Management Committee.**

* Please note that sponsorships are not transferable and the tree remains the property of No Man's Orchard Committee.
